		29 Dr. Darin Furgeson UofU						29 Reading Day	

* *Joint Seminar with Chemistry*

Guidelines:

1st and 2nd year students who have not taken their prelims will give a **Journal Club (JC) Presentation**.

The topic should be tangentially related to your research interest and/or expected thesis project.

Typically, a primary paper is presented along with additional background and research from 1-3 additional papers.

Students past the prelim stage are to present an annual Research in Progress seminar.

All Students are to actively participate in Seminar, although in later years you do not sign up for credit.

Students and Post Docs are expected to meet with any Guest Speakers or Faculty Candidates before or after their Seminar.
